

Nor-Cal VANS

2008 E-SERIES

Built on the 2008 Ford E-150 and E-250 chassis platforms, this vehicle with a drop floor offers the look and styling of the original van while providing you with the additional headroom needed for your comfort and safe operation. With either Ford's interior finish or a custom finish of your own, this vehicle is equipped with removable driver and front passenger seating to permit you the freedom to drive or simply enjoy the view from the same perspective as everyone else.

With the new E-150's increased weight capacity and lower overall height, the ride quality and handling is exceptional. Additionally, the lowered floor E-150 offers more usable space for you to maneuver and for the addition of accessibility devices such as wheelchair lifts. Safety and quality are the operative factors in this vehicle as it has been successfully tested to Federal Motor Vehicle and Canadian Motor Vehicle Safety Standards.

Manufactured by Nor-Cal Vans, this vehicle is available through your local Ford deal in conjunction with a NMEDA (National Mobility Equipment Dealers Association) dealer who can install and service your accessibility and driving aids. Please visit our Dealer Locator on the Nor-Cal Vans web site at www.nor-calvans.com.

Ford Motor Company's 2008 E-Series van has impressive changes to the suspension system and vehicle frame resulting in two notable differences from earlier year models: A greatly improved ride quality and higher gross vehicle weight rating (GVWR). These structural changes now make the E-150 and E-250 strong candidates for most mobility conversions.

The 2008 5.4L E-150 has a GVWR of 8,600 lbs., making this the perfect vehicle for larger transportation needs such as a power chair or the soccer teams' equipment (or both).

The lower profile E-150 vans means garageability in most cases.

Optional Reverse Sensing System on all vans and wagons.

Re-Engineered Suspension & Steering

A revised front suspension system includes redesigned front sway bars to help deliver solid handling. Front and rear shocks are rated to the load range of each model and tuned to deliver a smooth ride. A new steering gear boost-curve enhances road feel and provides excellent steering feedback to the driver.

4.6L/5.4L TRITON V8

Brawny Ford engines are at the heart of E-Series versatility and capability. E-Series is the only cargo van in its class to come with a standard V8: the 4.6L Triton. Every E-Series gas engine features a silent-design cam drive for smooth, quiet operation, plus a fail-safe cooling system and a 100,000-mile scheduled tune-up interval.² Step up to the 5.4L Triton V8 to get extra punch for many high-capacity applications. Its proven SOHC architecture pumps out 255 hp and 350 lb.-ft. of torque across a wide powerband.

E-SERIES WAGON: ONE SUITE-SIZED RIDE

An E-Series Wagon is designed to spoil its occupants with an abundance of room and comfort. A cavernous interior has room for a huge crew and all their gear. Air conditioning is standard on all models. And nobody will ask, "Are we there yet?" while they're occupied by the available DVD entertainment system. Lots of space. Lots of choices. With E-Series, your room is always ready.

Comfort, Plus E-Series Chateau features a standard 6-way power driver's seat and quad captain's chairs trimmed in optional leather or standard cloth.

Available DVD System With its game port, remote and 2 sets of wireless headphones, the available Rear-Seat DVD Entertainment System can play most popular formats.

Mobility Motoring Heavy-duty E-Series Vans are built to handle adaptive equipment, and Ford Motor Company offers financial assistance toward the cost of installing it on new Ford vehicles. Ford Credit Mobility Financing and comprehensive Roadside Assistance are also available. For more information visit www.fordmobilitymotoring.com.

New Vehicle Limited Warranty

We want your Ford E-Series ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/60,000-mile Powertrain Warranty Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

For more assurance: The 5-year/60,000-mile powertrain limited warranty is fully transferable, has no deductible, and provides you with an additional 2 years or 24,000 miles of coverage – on select components, including the engine and transmission – beyond the standard 3-year/36,000-mile Bumper-to-Bumper Coverage. Roadside Assistance is extended to 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

For a purchase or lease, the Ford **Extended Service Plan (ESP)** gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Genuine Ford Accessories are designed and engineered specifically for Ford vehicles. Visit our website at fordaccessoriesstore.com to use the Accessorizer, and to learn about complete accessory details and purchase instructions.
